

Come Train with 4* Australian Event Rider

Bill Levett

Want to brush up on your jumping skills?

This clinic will help riders continue to refine their jumping skills as well as have some fun! Improving accuracy as well as assessing speed necessary for the type of obstacle they are facing. We will work on a range of exercises to build your partnership with the horse— ultimately enhancing show jumping and cross country riding techniques whether you are looking to go eventing or simply have fun riding your horse! The beautiful Oakland stud has a variety of derby style fences including XC fences as well as traditional show jumps.

When?

Wednesday 12th July
Afternoon & evening
slots available

Where?

Oakland Stud Chippenham
